For the second year in a row, the Integrated Healthcare Association (IHA) has presented the Top Overall Performance Award to Sutter Regional Medical Foundation and its affiliate, Solano Regional Medical Group.

The award was presented Thursday at the IHA annual Pay for Performance (P4P) Stakeholders Meeting for 2007 P4P results. California's P4P effort is the largest physician incentive program in the United States, involving 35,000 physicians caring for more than 11 million individuals.
